## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of  
Massachusetts College of Liberal Arts  
North Adams, Massachusetts

### Report on Financial Statements

We have audited the accompanying financial statements of Massachusetts College of Liberal Arts (an agency of the Commonwealth of Massachusetts) (the "College"), which comprise the statements of net position as of June 30, 2016 and 2015, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended. We have also audited the financial statements of Massachusetts College of Liberal Arts Foundation, Inc. (the "Foundation") as of June 30, 2016 and 2015, and the related statements of revenues, expenses, and changes in net position and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net position of Massachusetts College of Liberal Arts as of June 30, 2016 and 2015, and the respective changes in net position and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4-13, the schedule of the College's proportionate share of the net pension liability on page 45, the schedule of the College's contributions on page 46 and the notes to the required supplementary information on page 47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Other Matters**

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's financial statements as a whole. The Schedules of Net Position – Dormitory Trust Fund Report and the Schedules of Revenues, Expenses, and Changes in Net Position – Dormitory Trust Fund Report are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 20, 2016, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

## Management's Discussion and Analysis (Unaudited)

June 30, 2016 and 2015

The following discussion and analysis provides management's view of the financial position of the College as of June 30, 2016, and the results of operations for the year then ended. This analysis should be read in conjunction with the College's financial statements and notes which are also presented in this document.

Massachusetts College of Liberal Arts is a public institution of higher education serving approximately 1,700 graduate and undergraduate students, with 119 Full Time Equivalent faculty and 197 staff members. The College offers 17 programs leading to Bachelor of Arts, Bachelor of Science, Master of Business Administration, and Master of Education degrees as well as non-credit programs.

Massachusetts College of Liberal Arts Foundation, Inc. is a non-profit corporation organized under Massachusetts General Laws, Chapter 180. The Corporation is operated exclusively for charitable, scientific and education purposes to benefit Massachusetts College of Liberal Arts. These purposes include holding and administering properties, providing financial aid, and promoting and supporting the educational activities of the College.

### Financial Highlights

- At June 30, 2016, the College's assets of \$91,619,044 exceeded its liabilities and deferred inflows of \$17,551,614 by \$74,067,430. The resulting net position is summarized into the following categories:

• Invested in capital assets, net of related debt	\$	69,045,708
• Restricted, non-expendable		30,730
• Restricted - expendable		22,014
• Unrestricted		<u>4,968,978</u>
• Total net position	\$	<u>74,067,430</u>

- The College received a general state Appropriation on July 17, 2015 of \$15,448,258. An additional appropriation of \$75,000 was received to support the work of the Berkshire Cultural Resource Center (BCRC.) In October of 2015 an additional state appropriation was received through the Board of Higher Education as a State University Incentive Grant in the amount of \$581,026. An additional state appropriation of \$128,801 was received in January to cover part the collective bargaining increases from FY 2015. The total amount of these appropriations was \$16,233,085 less tuition remitted to the state of \$251,409 plus fringe benefits of \$4,867,312.

## Management's Discussion and Analysis (Unaudited)

June 30, 2016 and 2015

- The College's total net position increased by \$4,332,785 for the year ended June 30, 2016. This is primarily due to additional funds received through the bond outlay for the renovation of Bowman Hall.
- The College completed the renovation of Bowman Hall with continued funding from the bond outlay. This is a major academic building.
- The College's Trustees may use the unrestricted net position to meet the College's ongoing obligations to its stakeholders. Additionally, the restricted, expendable net position may also be expended, but only for the purposes for which the donor or grantor intended.

### Overview of the Financial Statements

The Massachusetts College of Liberal Arts financial statements comprise two primary components: 1) the financial statements and 2) the notes to the financial statements. Additionally, the financial statements focus on the College as a whole, rather than upon individual funds or activities.

**The Financial Statements:** The financial statements are designed to provide readers with a broad overview of the Massachusetts College of Liberal Arts finances and are comprised of three basic statements.

The *Statements of Net Position* presents information on all of the College's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Massachusetts College of Liberal Arts is improving or deteriorating.

The *Statements of Revenues, Expenses and Changes in Net Position* presents information showing how the College's net position changed during the most recent fiscal year. All changes in net position is reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. the payment for accrued compensated absences, or the receipt of amounts due from students and others for services rendered).

# MASSACHUSETTS COLLEGE OF LIBERAL ARTS

(an agency of the Commonwealth of Massachusetts)

## Management's Discussion and Analysis (Unaudited)

June 30, 2016 and 2015

The *Statements of Cash Flows* is reported on the direct method. The direct method of cash flow reporting portrays net cash flows from operations as major classes of operating receipts (e.g. tuition and fees) and disbursements (e.g. cash paid to employees for services.) The Government Accounting Standards Board (GASB) Statements 34 and 35 require this method to be used.

The financial statements can be found on pages 14 through 17 of this report.

The Massachusetts College of Liberal Arts reports its activity as a business – type activity using the full accrual measurement focus and basis of accounting. The College is an agency of the Commonwealth of Massachusetts. Therefore, the results of the College's operations, its net position and cash flows are also summarized in the Commonwealth's Comprehensive Annual Financial Report in its government – wide financial statements.

**Notes to the financial statements:** The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes provide information regarding both the accounting policies and procedures the College has adopted as well as additional detail of certain amounts contained in the financial statements. The notes to the financial statements can be found on pages 18 through 44 of this report.

### Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the College's financial position. In the case of Massachusetts College of Liberal Arts, assets exceeded liabilities by \$74,067,430 at the close of the most recent fiscal year.

Total net assets	<u>\$ 74,067,430</u>	<u>\$ 69,734,645</u>	<u>\$ 56,991,187</u>

By far the largest portion of the Massachusetts College of Liberal Arts net position is its investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt, including capital leases, used to acquire those assets that is still outstanding. The College uses these capital assets to provide services to students, faculty and administration; consequently, these assets are not available for future spending. Although the College's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Also, in addition to the debt noted above, which is reflected in the College's financial statement, the Commonwealth of Massachusetts regularly provides financing for certain capital projects through the issuance of general obligation bonds. These borrowings by the Commonwealth are not reflected in these financial statements.

## Management's Discussion and Analysis (Unaudited)

June 30, 2016 and 2015

The net assets increased by \$4,332,785 during the current fiscal year. This increase is largely due to state bond outlay for the Bowman Hall renovation. Net capital assets increased by \$3,981,315. The depreciation expense on its entire amount of capital assets was \$3,456,765.

**Management’s Discussion and Analysis (Unaudited)**

**June 30, 2016 and 2015**

**Highlights of operating revenue activity for the year include:**

- Student Fee revenue, Tuition revenue, and Student Activity Fee revenue, all decreased due to a decrease in enrollment. Campus Support Fee rates were increased slightly from the previous year.
- Residence and dining fees decreased due to a decrease in resident student enrollment and a small rate increase.
- Grants and contracts decreased because the College received less grants.
- Other sources of revenue increased due to an increase in support from the Foundation.

Undergraduate tuition and fees received by Massachusetts College of Liberal Arts include the following:

	<b>June 30, 2016</b>	<b>June 30, 2015</b>	<b>Change</b>
Tuition	2,064,359	2,213,356	148,997

## Management's Discussion and Analysis (Unaudited)

June 30, 2016 and 2015

Major grants and contracts received by Massachusetts College of Liberal Arts for the year included the following:

- Performance Incentive Grant in the amount of \$63,759 from the Mass Department of Higher Education to support the 413 STEM Ready Initiative
- Improving Teacher Quality Grant in the amount of \$399,461 from the Mass Department of Higher Education to strengthen the project, Berkshire Early Learning Lab
- Adult Basic Ed Grant from Mass. Department of Education in the amount of \$228,734 for GED and community literacy programs
- National Science Foundation Teaching to Learn Grant in the amount of \$200,616 to improve undergraduate science education through engagement in K-7 science
- An Internship Incentive Grant from the Mass Department of Higher Education in the amount of \$148,011 to support internships for students
- National Science Foundation S-STEM Pathways Program in the amount of \$129,426 to provide scholarships to students majoring in STEM programs

### Expenses

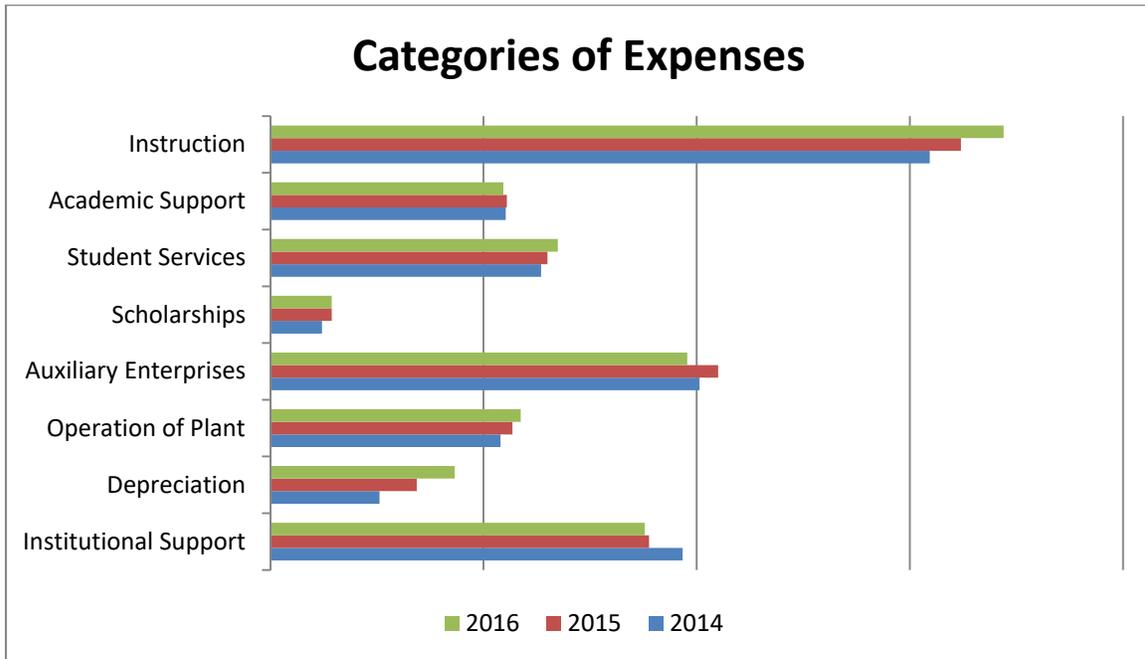

Instruction, Student Services, and Operation and Maintenance of Plant, all had an increase in expenses due to contractual increases in salaries and fringe benefits. Academic Support had a slight decrease in expenses due to less grant expenses. Institutional Support had a slight decrease in expenses due to the interim president serving for part of the year without compensation. Auxiliary operations enterprises include the operation of the food service and residence hall operations. The revenue generated from these operations for the fiscal year was \$7,810,159, a decrease of 4.7% or \$385,102 from the previous fiscal year due to a decrease in resident students and slightly higher rates. Depreciation is higher due to the completion of the Bowman Hall renovation, and a full year's depreciation on the Feigenbaum Center for Science and Innovation and the Facilities' Building.

## Management's Discussion and Analysis (Unaudited)

June 30, 2016 and 2015

### Non-operating revenues and expenses

The College received a general state appropriation of \$15,448,258, and an additional unrestricted appropriation of \$581,026 based on formula funding. An additional amount of \$128,801 was received to cover part of FY 15 collective bargaining expenses. An additional appropriation of \$75,000 was received to support the College's work with the Berkshire Cultural Resource Center. In addition, state payroll fringe benefits in the amount of \$4,867,312 were received, less tuition remitted to the state of \$251,409, for a total appropriation of \$20,848,988. Interest income increased due to slightly higher rates received on our certificates of deposit. Interest expense increased due to the payment of the note interest on the borrowings used to purchase furniture and fixtures for Bowman Hall. Capital appropriations were received for the construction costs of renovations on Bowman Hall, the continued work on the Energy Performance project, the completion of the upgrade to the Campus Center elevator, and concrete replacement on Freel Library.

### Loss from Operations

Due to the nature of public higher education accounting rules, institutions incur a loss from operations. The Legislature approves appropriations to the College which are not considered operating revenues. Legislation directs The Commonwealth's Department of Higher Education to approve and set tuition. Legislation also provides for The College Board of Trustees to set fees. The College Board of Trustees approves budgets to mitigate losses after Commonwealth appropriations by balancing educational and operational needs with fee revenue.

## Management's Discussion and Analysis (Unaudited)

June 30, 2016 and 2015

### Capital Assets and Debts of the College

**Capital Assets:** The College's investment in capital assets as of June 30, 2016 amounts to \$73,710,146 net of accumulated depreciation. This investment in capital assets includes, land, buildings, (including improvements,) furnishings and equipment, (including the cost of capital leases).

Capital projects, furnishings, and equipment additions increased assets this year. Major projects included:

- Bowman Hall Renovations \$2,721,776
- Energy Performance Project (CIP) \$2,165,854
- Furniture, Fixtures & Equipment for Bowman Hall \$834,447
- TV Studio Equipment upgrade \$357,380
- Network Upgrade Phase IV \$279,267
- Athletic Complex Lights (CIP) \$222,908
- Bond St. & Ashland St. Land (Donated from the Foundation) \$212,475
- Venable Hall Water Filtration Project (CIP) \$72,571
- Campus Center Elevator Upgrade \$72,026

All capital asset purchases are included in the College's capital spending plan submitted to the Board of Higher Education and the Commonwealth's fiscal affairs division. Additional information about the Massachusetts College of Liberal Arts capital assets can be found in note 8 on page 27 of this report.

**Long-term liabilities:** The College carries long-term liabilities in the form of accruals for compensated absences and workers compensation \$3,383,408, bonds with the Mass State College Building Authority \$3,706,197 for the purchase and construction of the Ashland St. Facilities Building, Campus Center Gym floor, Campus Center & Shipping/Receiving drainage project, the Athletic Complex tennis courts, and various other projects. The accrual for compensated absences and workers compensation consists of the current and long-term portion of sick and vacation pay relating to employees on the College's payroll. Capital lease obligations amounts to \$274,868 net of related interest as of June 30, 2016. Additional information about the Massachusetts College of Liberal Arts capital assets can be found in note 10 on page 29 of this report.

## **Management's Discussion and Analysis (Unaudited)**

**June 30, 2016 and 2015**

### **Economic Factors and Next Year's Tuition and Student Fee Rates**

The economy continues to make progress. While there have been significant signs of recovery, many students continue to struggle to meet educational expenses. In FY2016 base appropriations were level funded from FY2015 (including FY2015 formula funding) with some additional funds received based on FY 2016 formula funding, as well as an additional amount that covered only part of the collective bargaining increases. In FY2017 our base appropriation was increased but not enough to cover the collective bargaining shortfall from FY2016 or FY2017 collective bargaining. We again received an additional amount based on formula funding, however it was greatly reduced this year and it is not enough to cover the collective bargaining and balance the budget. The College increased its fees to help mitigate the shortfall.

Campus based financial aid has also been increased to remain competitive amongst peer institutions. Public colleges continue to serve unemployed or underemployed workers seeking to update or upgrade their skills for reentry to the labor force. The College has completed the renovation of its major academic building, Bowman Hall, in September of 2015. The College cannot predict the extent to which enrollment may vary in this current environment. The College has seen a slight increase in enrollment for FY2017. Given the reopening of Bowman Hall, a new science center, several new programs, and increased targeted marketing efforts, indications are that enrollment, despite decreases in high school graduation populations, will rise. It is expected that tuition and fees will also continue to grow in order to provide a stable academic experience unless the legislature continues to support additional state appropriations.

### **Requests for Information**

This financial report is designed to provide a general overview of the College's finances for all those with an interest in the College's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Chief Fiscal Officer, Massachusetts College of Liberal Arts, 375 Church St., North Adams, Massachusetts, 01247.

## Notes to the Financial Statements

June 30, 2016 and 2015

Note 1 - **Summary of Significant Accounting Policies**

*Organization*

Massachusetts College of Liberal Arts (the “College”) was founded in 1894. It is one of nine state colleges and universities within the Massachusetts Public Higher Education System. Approximately 1,700 graduate and undergraduate students are enrolled including evening students and special program students. The College also offers, through the Division of Continuing Education, credit and non-credit courses as well as community service programs. The College is accredited by the New England Association of Schools and Colleges.

*Basis of Presentation and Accounting*

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (“GASB”). Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

The College has determined that it functions as a business-type activity, as defined by GASB. The effect of interfund activity has been eliminated from these financial statements. The basic financial statements and required supplementary information for general purpose governments consist of management’s discussion and analysis, basic financial statements including the College’s discretely presented component unit, the Foundation, and required supplementary information. The College presents statements of net position, revenues, expenses and changes in net position, and cash flows on a combined College-wide basis.

The Massachusetts College of Liberal Arts Foundation, Inc. (the “Foundation”), a component unit of the College, renders financial assistance and support to the educational programs and development of the College. The Foundation is legally separate from the College, and the College is not financially accountable for the Foundation. The Foundation has been included because of the nature and significance of its relationship with the College. Complete financial statements can be obtained from the Foundation’s administrative offices in North Adams, Massachusetts.

Note 1 - **Summary of Significant Accounting Policies - Continued**

*Basis of Presentation and Accounting - Continued*

The College's policy for defining operating activities in the statements of revenues, expenses and changes in net position are those that generally result from exchange transactions such as the payment received for services and payment made for the purchase of goods and services. Certain other transactions are reported as non-operating activities in accordance with GASB Statement No. 35, *Basic Financial Statements and Managements' Discussion and Analysis for Public Colleges and Universities*. These non-operating activities include the College's operating and capital appropriations from the Commonwealth of Massachusetts, net investment income, gifts and interest expense.

The College's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

*Net Position*

Resources are classified for accounting purposes into the following four net position categories:

Net investment in capital assets: Capital assets, net of accumulated depreciation, and outstanding principal balances of debt attributable to the acquisition, construction, repair, or improvement of those assets.

Restricted - nonexpendable: Net position subject to externally imposed conditions such that the College must maintain in perpetuity.

Restricted - expendable: Net position whose use is subject to externally imposed conditions that can be fulfilled by the actions of the College or by the passage of time.

Unrestricted: All other categories of net position. Unrestricted net position may be designated by actions of the College's Board of Trustees.

The College has adopted a policy of generally utilizing restricted - expendable funds, when available, prior to unrestricted funds.

*Cash and Equivalents*

The College has defined cash and equivalents to include cash on hand, demand deposits, and cash and deposits held by state agencies on behalf of the College.

Note 1 - **Summary of Significant Accounting Policies - Continued**

Trust Funds

In accordance with the requirements of the Commonwealth of Massachusetts, the College's operations are accounted for in several trust funds. All of these trust funds have been consolidated and are included in these financial statements.

Allowance for Doubtful Accounts

Accounts and pledges receivable are periodically evaluated for collectability based on past history with students. Provisions for losses on loans receivable are determined on the basis of loss experience, known and inherent risks in the loan portfolio, the estimated value of underlying collateral and current economic condition.

Investments

Investments in marketable securities are stated at fair value.

Dividends, interest, and net gains or losses on investments of endowments and similar funds are reported in the Statement of Revenues, Expenses, and Changes in Net Position. Any net earnings not expended are included in net position categories as follows:

- A) as increases in restricted – nonexpendable net position if the terms of the gift require that they be added to the principal of a permanent endowment fund;
- B) as increases in temporarily restricted – expendable net position if the terms of the gift or the College's interpretation of relevant state law impose restrictions on the current use of the income or net gains. The College has relied upon the Attorney General's interpretation of state law that unappropriated endowment gains should generally be classified as restricted - expendable; and
- C) as increases in unrestricted net position in all other cases.

The College is currently authorized by its Board of Trustees and the statutes of the Commonwealth of Massachusetts to invest in certificates of deposit.

Deposits Held by MSCBA

Deposits held represent funds held by the Massachusetts State College Building Authority for specific projects.

Note 1 - **Summary of Significant Accounting Policies - Continued**

*Deposits Held by State Treasurer*

Deposits held represent funds accessible by the College held by the Commonwealth of Massachusetts (the “Commonwealth”) for payments on payroll.

*Capital Assets*

Real estate assets, including improvements, are generally stated at cost. Furnishings and equipment are stated at cost at date of acquisition or, in the case of gifts, at fair value at date of donation. In accordance with the state’s capitalization policy, only those items with a unit cost of more than \$50,000 are capitalized. Library materials are generally expensed. Internal costs on debt related to capital assets are capitalized during the construction period. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Buildings are depreciated over useful lives of 40 years; building and land improvements for 20 years; and equipment and furnishings range from 3 to 10 years.

The College has a collection of art displayed in the Feigenbaum Center for Science and Innovation. The College’s policies regarding the display and management of the collection meet the guidelines of GASB 34, exempting it from capitalization.

*Tax Status*

The College is an agency of the Commonwealth of Massachusetts and is therefore generally exempt from income taxes under Section 115 of the Internal Revenue Code.

*Fringe Benefits*

The College participates in the Commonwealth’s fringe benefit programs, including health insurance, unemployment, pension, and worker’s compensation benefits. Health insurance, unemployment, and pension costs are billed through a fringe benefit rate charged to the College. Worker’s compensation costs are assessed separately based on the College’s actual experience.

*Pensions*

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Massachusetts State Employees’ Retirement System plan (“SERS”) and the additions to/deductions from SERS’ fiduciary net position have been determined on the same basis as they are reported by SERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Notes to the Financial Statements - Continued**

**June 30, 2016 and 2015**

Note 1 - **Summary of Significant Accounting Policies - Continued**

*Compensated Absences*

Employees earn the right to be compensated during absences for vacation leave and sick leave. Accrued vacation is the amount earned by all eligible employees through June 30, 2016 and 2015. The accrued sick leave balance represents 20% of amounts earned by those employees with ten or more years of state service at June 30, 2016 and 2015. Upon retirement, these employees are entitled to receive payment for this accrued balance.

*Student Fees*

Student tuition, dining, residence, and other fees are presented net of scholarships and fellowships applied to students' accounts. Certain scholarships are paid directly to, or refunded to, the students and are generally reflected as expenses.

*Students' Deposits and Unearned Revenue*

Deposits and advance payments received for tuition and fees related to certain summer programs and tuition received for the following academic year are unearned and are recorded as revenues as earned. Funds received in advance from various grants and contracts are unearned.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Reclassification*

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

*New Governmental Accounting Pronouncements - Continued*

*Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions - GASB Statement 75*, is effective for periods beginning after June 15, 2017. This Statement replaces Statement 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension Plans* and Statement 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. The objective of Statement 75 is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (“OPEB”). It also requires additional information by state and local governmental employers about financial support for OPEB that is provided by other entities. The Statement establishes standards for recognizing and measuring liabilities, deferred outflows and inflows of resources, and expense/expenditures. GASB 75 also identifies the assumptions and methods that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service for defined benefit OPEB. Management has not yet evaluated the effects of the implementation of this Statement.

*GASB 78 – Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans* is effective for periods beginning after December 15, 2015 and amends Statement 68 to exclude certain pensions provided to employees of state or local governments that, among other factors, are used to provide pension benefits to governmental and non-governmental employees. The Statement establishes requirements for the recognition and measurement of pension expense, expenditures, and liabilities, note disclosures and required supplementary information. Management has not yet evaluated the effects of the implementation of GASB Statement 78.

*GASB 80 – Blending Requirements for Certain Component Units- an Amendment of GASB Statement No. 14* effective for periods beginning after June 15, 2016, provides additional criterion requiring blending of a component unit incorporated as a not-for-profit corporation in which the primary government is their sole corporate member. Management has not completed its review of the requirements of this standard and its applicability.

**Notes to the Financial Statements - Continued**

**June 30, 2016 and 2015**

Note 2 - **Cash and Equivalents**

Custodial credit risk is risk associated with the failure of a depository financial institution. In the event of a depository financial institution's failure, the College would not be able to recover its deposits that are in the possession of the outside parties. The College's policy is to mitigate as much custodial credit risk associated with its cash assets as possible. The College deposits funds with a banking institution that obtained specific depository insurance to mitigate the College's credit risk associated with funds deposited in excess of federally insured levels.

Deposits in the bank in excess of the insured amount are uninsured and uncollateralized. At June 30, 2016 and 2015, the carrying amount of the College's deposits was \$13,246,430 and \$12,730,811, respectively. At June 30, 2016 and 2015 approximately \$0 and \$11,000 was exposed to custodial credit risk as uninsured and uncollateralized, respectively.

Note 3 - **Cash Held by State Treasurer**

Accounts payable and accrued salaries to be funded from state-appropriated funds totaled \$320,312 and \$375,875 at June 30, 2016 and 2015, respectively. The College has recorded a comparable dollar amount of cash held by the State Treasurer for the benefit of the College, which was subsequently utilized to pay for such liabilities.

Note 4 - **Investments - Foundation**

The Foundation investments consist of mutual funds and other equity investments. In order to minimize excessive risk in geographical, industry and market sectors, the Board of Directors meets quarterly with its investment advisors and reviews the portfolio for such concentrations and other matters.

Foundation investments, which are carried at fair value, as of June 30, are as follows:

	<b><u>2016</u></b>	<b><u>2015</u></b>
Money market funds	\$ 19,834	\$ 39,634
Equities	2,903,301	2,743,222

Note 4 - **Investments – Foundation - Continued**

The following schedule summarizes the Foundation's investment income and its classification in the statements of revenues, expenses, and changes in net position for the years ended June 30:

	<u>2016</u>	<u>2015</u>
Investment income	\$ 196,141	\$ 201,561
Unrealized gain (loss)	(244,308)	(562,252)
Realized gains	<u>70,506</u>	<u>492,660</u>
Total Investment Return	<u>\$ 22,339</u>	<u>\$ 131,969</u>

Investment fees totaled \$49,966 and \$50,284 for the years ended June 30, 2016 and 2015, respectively, and are recorded as management and general expense.

Promulgations of the Financial Accounting Standards Board have established a framework for measuring fair value of the investments, which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Please refer to the financial statements of the Foundation for more information.

Note 5 - **Accounts Receivable**

The accounts receivable balance comprised of the following at June 30:

Note 9 - **Deferred Inflows of Resources**

The College entered into a service concession arrangement with an outside party that manages the College's food service operations. In connection with the construction of additional facilities for the College, the vendor invested \$2,000,000 in September 2011 and \$400,000 in May 2012. The investment is being amortized into revenue ratably over the life of the arrangement through August 2016 and April 2017, respectively. The agreement shall renew automatically thereafter for successive one-year periods unless terminated earlier in accordance with the agreement. Either party may terminate this agreement at any time, without cause, by providing sixty days written notice. In the event of termination, the unamortized portion is to be returned. The agreement also requires revenue sharing, which amounted to approximately \$100,000 and \$107,000 during the years ended June 30, 2016 and 2015, respectively, as well as funding for scholarships. Recognition of these monies in annual revenue for the year ended June 30, 2017 is \$188,889.

Note 12 - **Restricted Net Position**

The College is the recipient of funds that are subject to various external constraints upon their use, either as to purpose or time. Restricted-nonexpendable funds consist of endowment funds, the incomes from which are available for academic programs. Restricted expendable funds are available for academic programs.

The Foundation's restricted - nonexpendable and expendable net position consist of investments that are mainly used for various scholarships and program support including the College's library and two endowed lectures.

Note 13 - **Related Party Transactions**

The Foundation has purchased services and made investments, all at prevailing rates, with entities controlled by a former member of its Board of Directors.

A member of the Board of Trustees of the College, whose term expired during 2014, is a member of the Board of Trustees of MountainOne Financial, MHC, and TrueNorth Financial Services, a division of MountainOne, which handles the investments of the Foundation. In addition, the Foundation Board of Director's Chair is the president of an insurance agency, which is also a division of MountainOne. At June 30, 2016 and 2015, the amounts due to MountainOne from the Foundation were \$491,601 and \$520,455 respectively. These balances are included as part of notes payable on the statement of net position.

Note 14 - **Contingencies**

The College receives significant financial assistance from federal and state agencies in the form of grants. Expenditures of funds under these programs require compliance with the grant agreements and are subject to audit. Any disallowed expenditures resulting from such audits become a liability of the College. In the opinion of management, such adjustments, if any, are not expected to materially affect the financial condition of the College.

The College participates in the Massachusetts College Savings Prepaid Tuition Program (the "Program"). This Program allows individuals to pay in advance for future tuition at the cost of tuition at the time of election to participate, increased by changes in the Consumer Price Index plus 2%. The College is obligated to accept as payment of tuition the amount determined by this Program without regard to the standard tuition rate in effect at the time of the individual's enrollment at the College. The effect of this program cannot be determined, as it is contingent on future tuition increases and the Program participants who attend the College.

Note 15 - **Operating Expenses**

The College's operating expenses, on a natural classification basis, are comprised of the following at June 30:

Note 16 - **Pensions**

*Defined Benefit Plan Description*

The College makes contributions for employees paid by state appropriations through a benefit charge assessed by the Commonwealth. Such pension expense amounted to \$1,960,578 and \$2,063,435 for the years ended June 30, 2016 and 2015, respectively. Employees, who contribute a percentage of their regular compensation, fund the annuity portion of the retirement System. Annual covered payroll was approximately 84% and 83% of total related payroll for fiscal years end 2016 and 2015, respectively.

Certain employees of the College participate in a cost-sharing multiple-employer defined benefit pension plan – the Massachusetts State Employees’ Retirement System – administered by the Massachusetts State Board of Retirement (the “Board”), which is a public employee retirement system (“PERS”). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits through the plan, regardless of the status of the employers’ payment of its pension obligations to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The Massachusetts State Employees’ Retirement System does not issue a stand-alone financial statement.

*Benefit Provisions*

SERS provides retirement, disability, survivor and death benefits to members and their beneficiaries. Massachusetts General Laws (“MGL”) establishes uniform benefit and contribution requirements for all contributory PERS. These requirements provide for superannuation retirement allowance benefits up to a maximum of 80% of a member’s highest three-year average annual rate of regular compensation. For employees hired after April 1, 2012, retirement allowances are calculated based on the last five years or any five consecutive years, whichever is greater in terms of compensation. Benefit payments are based upon a member’s age, length of creditable service, and group creditable service, and group classification. The authority for amending these provisions rests with the Legislature.

Members become vested after ten years of creditable service. A superannuation retirement allowance may be received upon the completion of twenty years of service or upon reaching the age of 55 with ten years of service. Normal retirement for most employees occurs at age 65; for certain hazardous duty and public safety positions, normal retirement is at age 55. Most employees who joined the system after April 1, 2012 cannot retire prior to age 60.

*Contributions*

The SERS' funding policies have been established by Chapter 32 of the MGL. The Legislature has the authority to amend these policies. The annuity portion of the SERS retirement allowance is funded by employees, who contribute a percentage of their regular compensation. Costs of administering the plan are funded out of plan assets.

Member contributions for SERS vary depending on the most recent date of membership:

<u>Hire Date</u>	<u>Percentage of Compensation</u>
Prior to 1975	5% of regular compensation
1975-1983	7% of regular compensation
1984 to 6/30/1996	8% of regular compensation
7/1/1996 to present	9% of regular compensation except for State Police which is 12% of regular compensation
1979 to present	An additional 2% of regular compensation in excess of \$30,000

The College is required to contribute at an actuarially determined rate; the rate was 9.45% and 10.39% of annual covered payroll for the fiscal years ended June 30, 2016 and 2015, respectively. The College contributed \$204,707 and \$212,918 for the fiscal years ended June 30, 2016 and 2015, respectively equal to 100% of the required contributions for each year.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources*

At June 30, 2016 and 2015, the College reported a liability of \$3,871,254 and \$2,259,312, respectively, for its proportionate share of the net pension liability related to its participation in SERS. The net pension liability was measured as of June 30, 2015, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2015 rolled forward to June 30, 2015 for reporting at June 30, 2016, the reporting date. The net pension liability was measured as of June 30, 2014, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2014 rolled forward to June 30, 2014 for reporting at June 30, 2015, the reporting date. The College's proportion of the net pension liability was based on its share of the Commonwealth of Massachusetts', collective pension amounts allocated on the basis of actual fringe benefit charges assessed to the College for the fiscal years 2015 and 2014, respectively. The Commonwealth's proportionate share was based on actual employer contributions to the SERS for fiscal

*Actuarial Assumptions*

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Measurement date	June 30, 2015	June 30, 2014
Inflation	3.00%	3.00%
Salary increases	3.50% to 9.00%	3.50% to 9.00%
Investment rate of return	7.50%	8.00%
Interest rate credited to annuity savings fund	3.50%	3.50%

For measurement dates June 30, 2015 and 2014, mortality rates were based on the pre-retirement of RP-2000 Employees table projected 20 years with Scale BB and Scale AA, (gender distinct), respectively, and post-retirement of Healthy Annuitant table projected 15 years with Scale BB and AA (gender distinct), respectively.

The actuarial assumptions used in the January 1, 2015 valuation rolled forward to June 30, 2015 and the calculation of the total pension liability at June 30, 2015 were consistent with the results of actuarial experience study performed as of January 1, 2015.

Investment assets of SERS are with the Pension Reserves Investment Trust (PRIT) Fund. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage. Best estimates of geometric rates of return for each major asset class included in the PRIT Fund's target asset allocation as of June 30, are summarized in the following table:

*Discount Rate*

The discount rate used to measure the total pension liability was 7.5% and 8.0%, respectively at June 30, 2015 and 2014. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the Commonwealth's contributions will be made at rates equal to the difference between actuarially determined contributions rates and the member rates. Based on those assumptions, the net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 17 - **Fringe Benefits Provided by State**

*Fringe Benefits*

The College participates in the Commonwealth's Fringe Benefit programs, including active employee and post-employment health insurance, unemployment, pension, and workers' compensation benefits. Health insurance and pension costs (described in the subsequent paragraph) for active employees and retirees are paid through a fringe benefit rate charged to the College by the Commonwealth, and currently the liability is borne by the Commonwealth, as are any effects on net position and the results of current year operations, due to the adoption of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions*.

**June 30, 2016 and 2015**

Note 17 - **Fringe Benefits Provided by State- Continued**

*Fringe Benefits- Continued*

The Commonwealth is statutorily responsible for the pension benefit of the College's employees who participate in the Massachusetts State Employees' Retirement System (the "Retirement System"). The Retirement System, a single employer-defined benefit public employee retirement system, is administered by the state.

In addition to providing pension benefits, under Chapter 32A of the Massachusetts General Laws, the Commonwealth is required to provide certain health care and life insurance benefits for retired employees of the Commonwealth, housing authorities, redevelopment authorities, and certain other governmental agencies. Substantially all of the Commonwealth's employees may become eligible for these benefits if they reach retirement age while working for the Commonwealth. Eligible retirees are required to contribute a specified percentage of the health care benefit costs, which is comparable to contributions required from employees. The Commonwealth is reimbursed for the cost of benefits to retirees of the eligible authorities and non-state agencies.

*Group Insurance Commission*

The Commonwealth's Group Insurance Commission ("GIC") was established by the Legislature in 1955 to provide and administer health insurance and other benefits to the Commonwealth's employees and retirees, and their dependents and survivors.

The GIC also covers housing and redevelopment authorities' personnel, certain authorities and other offline agencies, retired municipal teachers from certain cities and towns and a small amount of municipalities as an agent multiple employer program, accounted for as an agency fund activity of the Commonwealth, not the College.

The GIC administers a plan included within the State Retirement Benefits Trust Fund, an irrevocable trust. Any assets accumulated in excess of liabilities to pay premiums or benefits or administrative expenses are retained in that fund. The GIC's administrative costs are financed through Commonwealth appropriations and employee investment returns. The Legislature determines employees' and retirees' contribution rates.

Note 17 - **Fringe Benefits Provided by State- Continued**

*Group Insurance Commission- Continued*

The GIC is a quasi-independent state agency governed by an eleven member body (the "Commission") appointed by the Governor. The GIC is located administratively within the Executive Office of Administration and Finance and is responsible for providing health insurance and other benefits to the Commonwealth's employees and retirees and their survivors and dependents. During the fiscal year ended June 30, 2016, the GIC provided health insurance for its members through indemnity, PPO, and HMO plans. The GIC also administers carve-outs for pharmacy, mental health, and substance abuse benefits for certain of its health plans.

In addition to health insurance, the GIC sponsors life insurance, long-term disability insurance (for active employees only), dental and vision coverage (for employees not covered by collective bargaining), retiree discount vision and dental plans, and a pre-tax health care spending account and dependent care assistance program (for active employees only).

Note 18 - **Massachusetts Management Accounting and Reporting System**

Section 15C of Chapter 15A of the Massachusetts General Laws requires Commonwealth colleges and universities to report activity of campus based funds to the Comptroller of the Commonwealth on the Commonwealth's Statewide Accounting System, Massachusetts Management Accounting and Reporting System ("MMARS") on the statutory basis of accounting. The statutory basis of accounting is a modified accrual basis of accounting and differs from the information included in these financial statements.

Management believes the amounts reported on MMARS meet the guidelines of the Comptroller's *Guide for Higher Education Audited Financial Statements*.

The College received restricted state appropriations of \$75,000 and \$73,875 in fiscal years ended June 30, 2016 and 2015, respectively, designated to support the work of the Berkshire Cultural Resource Center.

The College distributed \$8,936,115 and \$9,327,309 in 2016 and 2015, respectively, for student loans through the U.S. Department of Education Direct Student Loan Program. These distributions and related funding sources are not included as expenses and revenues or as cash disbursements and cash receipts in the accompanying financial statements.

Note 20 - **Massachusetts State College Building Authority**

The Massachusetts State College Building Authority (the "MSCBA") was created pursuant to Chapter 703 of the Act of 1963 of the Commonwealth as a public instrumentality for the general purpose of providing dormitories, for use by students of the state universities of the Commonwealth.

The College is charged a semi-annual revenue assessment that is based on a certified occupancy report, the current rent schedule and the design capacity for each of the residence halls. This revenue assessment is used by MSCBA to pay principal and interest due on its long-term debt obligations. These obligations may include the costs of periodic renovations and improvements to the residence halls. The Commonwealth guarantees these obligations. All facilities and obligations of MSCBA are included in the financial statements of MSCBA.

Dormitory trust fund schedules included in the supplemental information include revenues and expenses, which are included in residence and dining fees revenue and auxiliary enterprises expenses.

Note 1 - **Change in Assumptions**

Changes in assumptions about the discount rate from 8.0% to 7.50%, using different scales within mortality tables, and other inputs resulted in additional plan wide pension expense of \$2.33 billion dollars to be charged to income over an amortization period of 5.5 years beginning with the fiscal year ended June 30, 2016. Previously, changes in assumptions about future economic or demographic factors and inputs resulted in additional plan wide pension expense of \$102 million dollars to be charged to income over an amortization period of 5.5 years beginning with the fiscal year ended June 30, 2015. The unamortized portion of the change is reported as a deferred outflow of resources in the statements of net position. The College's proportionate share of the net pension liability and the results of changes in assumptions is 0.034% and 0.033%, respectively, as shown on the Schedules of Proportionate Share of Net Pension Liability, and represents the relationship of contributions made by the College to total contributions by all participating State Agencies.

The College's portion of these amounts is as follows:

## **Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

To the Board of Directors of  
Massachusetts College of Liberal Arts  
North Adams, Massachusetts

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Massachusetts College of Liberal Arts (the "College"), which comprise the statements of net position as of June 30, 2016 and 2015, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise Massachusetts College of Liberal Arts' basic financial statements and have issued our report thereon dated October 20, 2016.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Massachusetts College of Liberal Arts' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Massachusetts College of Liberal Arts' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
