Overview

*Massachusetts College of Liberal Arts***Mission Statement**

Massachusetts College of Liberal Arts (MCLA) is the Commonwealth's public liberal arts college and a campus of the Massachusetts state university system. MCLA promotes excellence in learning and teaching, innovative scholarship, intellectual creativity, public service, applied knowledge, and active and responsible citizenship. MCLA prepares its graduates to be practical problem solvers and engaged, resilient global citizens.

Massachusetts College of Liberal Arts

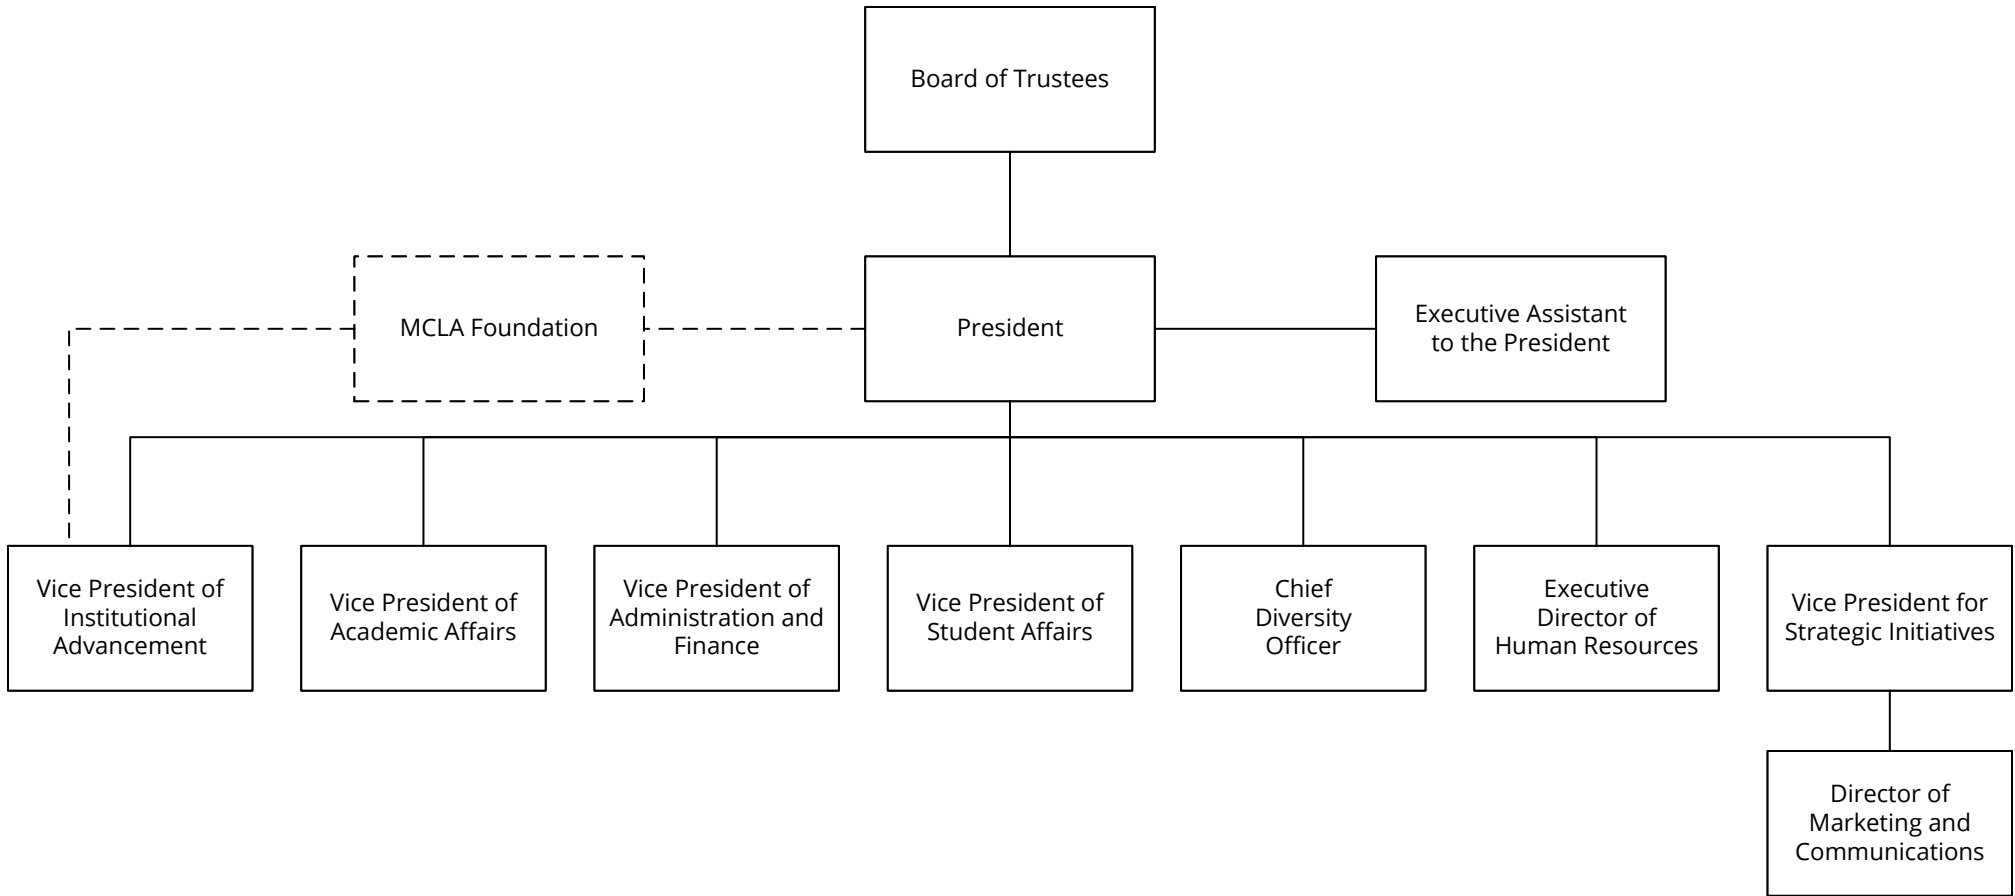

The College and Its History

Since our inception as the **Normal School** in North Adams in 1894, Massachusetts College of Liberal Arts (MCLA) has provided educational access and exceptional learning opportunities to generations of students and alumni. Over the years, MCLA has evolved to meet the needs of changing times. In 1932, the Normal School became the **State Teachers College of North Adams**, reflecting the increased importance of education as an academic discipline. In 1960, we changed our name to **North Adams State College** and expanded our focus to include professional degrees in business administration and computer science. In 1997, with eyes focused on the horizon of a new century, the College assumed a unique mission (within the state university system) as **Massachusetts College of Liberal Arts**, the public liberal arts college for the Commonwealth.

Today, MCLA continues to innovate. We guide students as they develop critical thinking, communication and leadership skills both in class and through a range of high-impact experiences.

Though changing times present new challenges and opportunities, the essential nature of MCLA remains constant: a place that delivers a high-quality, affordable public liberal arts education in an environment that supports the development of intellectual and practical skills, promotes scholarship and inquiry, and challenges students to model personal, social and civic responsibility
