

Spring 2023 COVID-19 Updates

Along with other colleges and universities, MCLA continues to navigate the challenges to campus life because of COVID-19. Although some of our COVID-related policies such as mandatory masking and required weekly surveillance testing have ceased, we will continue to monitor campus, local, regional, and national data surrounding COVID-19 and be prepared to respond to changes as necessary. If our safety protocols need modification, or the conditions change, we will be responsive and continue to keep the campus informed.

Given the significantly improved public health environment of our community and recent guidance from the U.S. Centers for Disease Control (CDC) and the Massachusetts Department of Public Health, MCLA has transitioned to a mask optional campus and asymptomatic testing will no longer be required for students who are fully vaccinated and boosted.

An archive of campus messages regarding COVID-19 can be found below. You can also find answers to frequently asked questions and links to helpful information from the Commonwealth.

MCLA has set up a hotline phone number for questions related to COVID-19 at 413-662-5550. The hotline is open from 8:30 a.m. to 5 p.m., Monday-Friday. You can also leave a message outside of these hours.
